

CRISC®

Certified in **Risk** and Information Systems Control

Propel your career with CRISC® certification, and build greater understanding of the impact of IT risk and how it relates to your organisation.

CRISC® is now one of the most highly sought-after qualifications. CRISC is the only certification that prepares and enables IT professionals for the unique challenges of IT and enterprise risk management, and positions them to become strategic partners to the enterprise.

Established in 2010, it has already been earned by nearly 17,000 professionals and was named Gold Winner for Best Professional Certification Program at the SC Magazine 2013 Awards.

This three day CRISC Exam Preparation course provides a unique study program that will prepare you for a first-time pass in the CRISC exam.
